

This year we celebrate the **10th Anniversary** of the
PLG Business Development Awards during our **AGM & Annual Awards Evening**
on **Thursday 9th February 2017** at the **Blue Fin Venue, London**.

The event begins from 3pm with two presentations, the first is an opportunity to review the deals agreed in 2016, to be followed by an outlook for the Life Science industry post-Brexit. We are very pleased to welcome back the **Deal Watch Team** from Medius Associates to review and analyse deals signed in 2016, before offering their thoughts on the deal landscape in 2017.

Our second session will be presented by **Dr Virginia Acha** from the ABPI. Dr Acha will be presenting the findings from the UK EU Life Science Transition Programme, set-up in conjunction with the UK EU Life Sciences Steering Group, BIA and ABPI to oversee and manage a successful post-EU transition. We are sure this will prove interesting listening for all guests.

The evening kicks off with a networking drinks reception where guests can enjoy views across the London skyline, before continuing discussions over dinner. We are delighted that **Ian Tomlinson**, Chairman of the Board at Stevenage Bioscience Catalyst (and former Senior VP, Head of Worldwide Business Development at GSK) has accepted our invitation to offer his thoughts on, and share his experiences of, the pharmaceutical industry during an after-dinner speech. The culmination of the evening will see the presentation of 2 awards; PLG Business Development Newcomer and AstraZeneca Business Development Executive of the Year.
